

I wish... to have a Playhouse

Lea, age 4
leukemia

Lea's Favorites

Favorite Color:

Purple

Favorite TV Show:

Coco Melon

Favorite Movie:

The Secret Life of Pets 2

Favorite Pet:

Her kitty and puppy

Lea loves her family, animals, being outside, and listening to music. She usually has a new favorite song she can listen to on repeat every week! If Lea could be outside 24/7, she would. She enjoys having her sister take her for rides on their side by side and swimming in her pool. She absolutely loves being with her sisters and their friends.

Lea has Down Syndrome and was born with two holes in her heart that required heart surgery. She was also born with a form of leukemia that went away by 9 months of age. Then, on April 27, 2020, Lea was diagnosed with acute lymphoid leukemia. She just began the maintenance phase of her treatment in March which will conclude in July of 2022.

When asked what granting Lea's wish will mean to her, her mom said:

"Lea has been our fighter and has taught us strength, understanding, and patience. Lea's wish will be a blessing because she loves being outdoors and would love to have a playhouse she can play in year-round."

Thank you for partnering with Make-A-Wish to help support Lea's wish and wish kids like her by granting their one-true wish.

MEDICAL IMPACT OF A WISH

89%

of surveyed nurses, doctors and medical professionals believe wishes can positively influence physical health*

97%

of adult former wish kids report improved mental and emotional health as a result of their wish experience*
